I1CRB	Grazie ad un OM che era largo abbastanza, ho perso numerosi DX, spero che la mia emissione sia stata migliore. Propagazione con molto QSB.
I4YNO	Partecipazione per puro divertimento. Condizioni pessime. Poca partecipazione. Un po' meglio la Domenica mattina.
IK4ZHH	TANTI DL E OK...FANTASTICO IL CW DAVVERO!
IK5AMB	A consuntivo del contest Marconi 2006, vorrei ringraziare gli amici della sezione ARI della Montagna Pistoiese che mi hanno ospitato nella loro postazione da contest e hanno operato la mia stazione consentendo di ottenere quello che considero un ottimo ri

ON4PS/P	12 heures d'activité seulement...Forte activité en OK!
ON4KHG	I was on a few hours, just for DX hunting and to give points to friends. 73's, Gaëtan
ON4TX	Sorry for weak signals, preamp did'nt work. As usual a lot of DL and OK. A mean of 371 km/qso
ON7RY	Fair propagation and nice atmosphere in the shack with dots and dashes around. CW enthusiasts as well as loggers have appreciated the contest. Rig and antennas have performed without any trouble. See you next year in the "Memorial Marconi Contest 2007".
ON7SS	Eerste VHF contest, moeilijk met enkel een vertical, wel goed geamuseerd.
SP6LB	Failure of the power supply
EA1BYA	SORRY, ONLY ONE QSO ON CW. SILENT BAND ON THESE MODE. 73.
OL4A	Most of the time much less elements working.....
F5DE	Longue coupure EDF en fin de soirée = trafic fortement perturbé, mais spectacle fb : la campagne charentaise sans aucune lumière à l'horizon, uniquement "Dame la Lune" pour nous éclairer un peu, alors un peu plus de sommeil que d'habitude, mais moins de
F5OCL/P	Beau week-end d'activité , froid sec mais soleil généreux. Equipe de copains des deux départements alsaciens , intégration réussie de F8EHO , Pascal qui s'est formé seul , a écrit un superbe logiciel d'apprentissage de la CW accessible GRATUITEMENT sur le
F5PTM	excellent contest un peu dur pour la deuxième année dans ce mode mais quelques belles surprises à force de patience un très grand merci à TK5EP/P de m'avoir entendu, car cela faisait plus de 15 minutes que je m'annonçais vers lui...très belle première pou
F5UKL/P	Pietre propagation depuis mon locator. Ce sera mieux la prochaine fois.
F6HJO/P	Comme toujours, magnifique et très pénible !
F8UFT	Un peu de propag.pour la saison...
SP6LB/M	Failure of the power supply
G0TPH	I operated 1 hr on Saturday evening when it was very quiet, and 2 hrs on Sunday morning when it was busy. Next year I aim for 6hrs, all on Sunday.
G3HEJ	Fair/quiet/few stations, during my late 2 hours of operation. 1st real 2m contest with standard log book logging.
G3MEH	I intended to enter the 24hrs section but it soon became apparent that conditions were poor and most stations on the western side of mainland Europe were beaming east to the centre of activity in central Europe. After making just 8 QSO's in the first hour I decided to enter the 6hr section and pick up the contest again on the sunday morning when, hopefully, activity would be better, and stuck it out for another 5hrs. With typical serial numbers in central Europe around 500 and in western mainland Europe around 250 compared with my modest 60 QSO's it was a disappointing contest. Thanks to the locals who came on giving points away.
G4SHO	My first time in this contest. Flat conditions but good to see how much further CW can get me compared with SSB. Thanks to the committee.
G7RAU	lower activity than last year but at least no storms / damage!
